Barney Bears Permission to Administer Medication Form

Nursery staff may only administer medication with prior written permission from a person who holds parental responsibility, or carers, for the child.
The medication must be clearly labelled with the child's full name.
If the child's condition is complex a detailed care plan should also be completed.

I give permission for the named medication to be administered to my child

Parent/carer name	
Relationship to child	
Contact number	
Signature	
Date	

Name of child	
Date of birth	

Name of medication	
Date dispensed	
Expiry date
