

Subject	Cultural Capital at Barnfields	Experiences which enhance the children's Cultural Capital
EYFS	<p>The EYFS curriculum at Barnfields builds on our children's early experiences and prepares children with the knowledge and skills for what comes next, enabling them to progress and achieve success. Children are given opportunities to be curious, explore, try new things and are experience awe and wonder. We work in partnership with parents, consulting them about children's early experiences to plan effective learning and share ideas of how they can support their child at home.</p>	<p>Creating a role-play activity based on a new experience</p> <p>Exploring new musical instruments, music and songs</p> <p>Being active outdoors, playing new games and using different types of equipment</p> <p>Introducing new words or sounds and phrases through stories, songs and rhymes</p> <p>Celebrating festivals and cultural events</p> <p>Organising a visit to a shop, park, farm or museum</p> <p>Arranging a visit to the setting from a local organisation, such as the police</p>
English	<p>As part of our literacy-driven curriculum, we provide children with a robust variety of texts from a diverse range of authors, spanning genres from classic to contemporary texts.</p>	<p>Celebrating World Book Day</p> <p>Sponsored Reads</p> <p>Book fayres</p>
Maths	<p>As part of the children's maths learning, financial education is interwoven into our mathematics curriculum to support children for when they begin to use money.</p>	<p>Money Week</p>
Science	<p>Immersive scientific enquiries and a diverse range of scientist studies spark our children's curiosity for the world around them.</p>	<p>Barnfields' annual Science Day</p> <p>Visit to Think Tank</p> <p>Barnfields allotment</p>
History	<p>Through our exciting history curriculum, children learn about the significance of global events that have impacted on the world in which we live.</p>	<p>A range of visits to local museums, for example: Black Country Museum; Ancient High House; Cadbury's World</p> <p>Visit to Stafford Castle</p> <p>Visitors in school to share their experience</p> <p>'Egyptian Day'</p> <p>Black History Day</p>
Geography	<p>Children learn about their local community through fieldwork and place studies. They also have a secure understanding of the world which allows them to understand their community.</p>	<p>Local area visits, for example Cannock Chase field study</p> <p>Residential visit which builds on geographical knowledge (local landscapes, map reading orienteering)</p>
Art	<p>Across a plethora of cultures, art is explored and celebrated by the children at Barnfields. Our art curriculum is broad and varied, which exposes children to many different artists and styles of art.</p>	

French	Through the study of the language of French, children learn about a whole new culture and the importance of understanding and appreciating a different language.	
PSHE	Our PSHE curriculum enables our pupils to become healthy, independent and responsible members of society, understanding how they are developing personally and socially. It tackles many of the moral, social and cultural issues that are part of becoming young adults.	Anti-bullying week Internet Safety Day Children in Need Comic Relief Junior Leadership Team Mental Health Day School Ambassadors Values Assembly
R.E.	Our curriculum provides children with essential knowledge, understanding and respect for a range of religions and communities so that they are well-informed citizens who appreciate our multicultural world.	Visits to local places of worship Links with our local church in Baswich
P.E.	At Barnfields, children participate in two hours a week of physical education lessons to develop the fundamental skills within this subject. Children participate in a variety of sporting competitions and, where possible, we invite the parents and carers of the children to join us.	Competitions Sports Ambassadors Links with Stoke City football club After school clubs Sports Day Swimming lessons at Stafford Leisure Centre Residential to Standon Bowers and Laches Wood
Music	We provide our children with engaging music lessons, exploring and celebrating a range of genres and cultures which encourage our pupils to listen to, and play, a range of music and instruments.	Specialist music teachers – violin lessons Peripatetic music lessons Pyramid concert Links with Walton High School KS1 Nativity Year 6 Production
Computing	Our weekly computing lessons provide children with the skills and knowledge to become computer-literate citizens which prepare them for the 21 st Century.	Coding club Internet Safety Day
Design and Technology	Our design and technology curriculum has been designed to include a variety of opportunities for the children to develop skills which prepare them to be well-rounded, competent citizens. Food technology is taught in all year groups, providing them with the knowledge and understanding of how to safely prepare nutritious food.
